

LEARNING SOLANA/RUST

BATTLE PLAN

Keep Calm and Buidl On

- It's very easy to get overwhelmed with the amount of resources out there.
- Take a breath. Learn one new thing a day. Focus on big concepts, then depth.
- Battle-tested over at [Icarus Initiative](#). Sequentially ordered. Skip ahead at cost of own sanity.
- Get PDF with clickable links: [Icarus Battle Plan PDF](#).

Beginner

- Start with [Figment's Solana Protocol](#).
- Read [Solana Summer](#) for general Solana ecosystem.
- Read [What's the deal with Solana](#) for some technicals.
- Learn some Rust. It's going to start popping up.
 - Like videos? Watch [Let's Get Rusty](#).
 - Like CliffNotes? Check [Rust By Example](#).
 - Like exercises? Do [Rustlings](#) or [Codewars](#).
 - Like books? Read [Learn Rust book](#).
- Like group learning? Check [Learning Communities](#).
- Like building projects? Check [Beginner Projects](#).
- Want general blockchain? Visit [Berkeley Courses](#).
 - Try Fundamental or Developer Decal.

Intermediate

- [A Gentle Introduction to Solana](#)
- [The Complete Guide to Full Stack Solana Development](#)
- [Programming on Solana: An Introduction](#)

Advanced

- Coming in future

Thank you everyone who contributes to the learning space. We appreciate you.
